

Application to amend approval to consolidate water supply works and/or water use approval

This is an application for Minister's approval under section 107 of the *Water Management Act 2000* to amend a water supply work approval and/or water use approval. This application is to consolidate two or more approvals, that are in the same water sharing plan and water source, to a single approval. No changes to the authorised works/use can be made as part of this application.

For any groundwater approvals, this application may be subject to a groundwater assessment and a bore extraction limit may be placed on your water supply work approval. If a water access licence(s) (WAL) are linked to any of the approvals being consolidated, the approval holder may need to make an [application to change a water access licence](#).

What you need to do

You will need to nominate which approval is retained and the other approval(s) will be consolidated into that one.

Please complete the form with a black/blue ink pen and use BLOCK letters. You can also type directly in this form. Once completed, please print and sign the form.
