live    insects    dinosaurs    wings

We are older than \_\_\_\_\_.

Our \_\_\_\_\_ are clear.

We like to \_\_\_\_\_ near freshwater.

Our favourite food is flying \_\_\_\_\_.

## Challenge!

Craft your own dragonfly!

Make a dragonfly using things that you have at home, such as: paddle pop sticks, branches, pipe cleaners, rice paper, baking paper, paint, wrapping paper, leaves, aluminium foil, textas, and glue.

## CHALLENGE

CAN YOU MOVE LIKE DIPPA?

### FLY

Stretch your arms out wide. Quickly move your arms up and down. Run around.

### HOVER

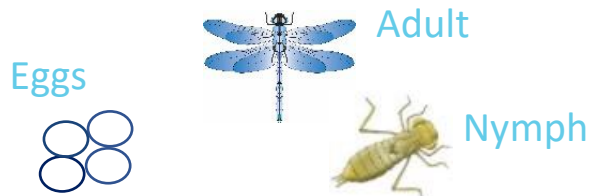

Stretch your arms out wide. Stand on one foot as still as you can. Slowly move your arms up and down.

### CATCH FOOD

Lay down facing the ground. Come up on your elbows by lifting your chest and head. Cup your hands like a basket (to catch food).

**Challenge** Draw arrows to show the lifecycle of the dragonfly.

Did you know nymphs are aquatic? This means they live in the water until they are ready to molt.
